Save Me

Joan Armatrading

Sinking Caught up in a whirling motion Such a strange sensation The currents uncertain Like sails of a mill I spin Like wheels I move in a circle While you stand on the bank Immune or evasive Throw me a lifeline Save me Intimacy and affection Frozen In this game of chance I forfeit Full hand of love With no counters Like a moth With no flame To persuade me Like blood in the rain Running thin While you stand on the inside Looking in Save me

Inside looking in Complete in yourself Throw me a lifeline Save me

Stand on the bank Immune or evasive Throw me a lifeline Save me
