

# This Is Not That

Joan Armatrading

Well this is not that  
I'm happy and I'm jumping over rainbows  
Dressed in yellow  
Got balloons and having big fun, fun  
Do you want some  
Tired from trying to be be strong  
Emotionally drained and looking for a friend  
In need of 29 things

To make life easy, to make life easy  
Well this is not that  
I'm happy and I'm jumping over rainbows  
Dressed in yellow, got balloons and having big fun, fun  
Do you want some

The problem with problems  
Is they take up too much time  
And too many issues  
Of the heart leaves me crying

I'm naked on a mountain but I still don't feel free  
You know frustrating this universe can be

Well this is not that  
I'm happy and I'm jumping over rainbows  
Dressed in yellow  
Got balloons and having big fun, fun  
Do you want some

I like beautiful things  
You don't buy me diamonds, you don't bring me flowers  
I don't wanna feel how much I need you  
More than you need me, more than you need me

My head in my hand  
No signpost at the crossroad  
No resolution  
Have we come to our dead end

I'm naked on a mountain but I still don't feel free  
You know frustrating this universe can be  
I'm naked on a mountain but I still don't feel free  
You know frustrating this universe can be

Well this is not that  
I'm happy and I'm jumping over rainbows  
Dressed in yellow  
Got balloons and having big fun, fun  
Do you want some
