

Nervous

Joan as Police Woman

I want you to fall of me,
Can't tell you what's...
I just want your love,
I want it now,
I want your face ... inside my mind!

I need you to know
I need to do what's ...
What's different about you..
So please let yourself!
Listen!
Cause I'm gonna ...
No I lasted long ago!

Chorus:
Do you know...
And I'm not used to it!
It's like a sound..
I'm not used to it
Cause I'm not...
I quite enjoy it!
It's like I fall into your...!

...write me letters!
Yes, I accept the letters!
Cause I need attention more than you know,
More than I ever knew!

But you seem to understand
I'm right from the beginning!
Oh, you seem to comprehend...

Chorus:
Do you know...
And I'm not used to it!
It's like a sound..
I'm not used to it...
It's like I fall into your...
It's like I fall into your way
... and I certainly don't mind it!
