

What Would You Do

Joan as Police Woman

What would you do if you saw me dying
What would you do if you saw me dead
What would you do if you knew the story
What would you do if you were the only one

Oh would you hesitate at all
or fear breaking it to my family
No I don't really care if you mind
got to lay it on the line

What would you do if you caught me leaving
What would you do if I told you look away
What would you do if you heard me screaming
What would you do if you were the only one

Oh would you hesitate at all
or fear losing me to my misery
Cause I've already lost you
I've already lost you
So I don't really care if you mind
got to lay it on the line

Listen to yourself
There will always be something to learn
however painful
Fear is only what you feel
when you're hitting new ground
Listen to yourself
cause there will always be a way in and out
