(I'm Gonna) Run Away

Joan Jett and the Blackhearts

I can't take it
This is gettin' silly
Can't find me no tranquility
Anymore, I just can't get through to you

We're fakin' it, it's time to admit it
You make me feel like an idiot
All the time, there's nothin' left for me to do
No, so

I'm gonna run away
I'm never comin' back to you
Yeah yeah, I'm gonna run away
I'm never comin' back to you

We were friends but now you're the enemy
Don't need this when there's a remedy
It's the end
Play your trick on someone new

I'm gonna run away
I'm never comin' back to you
Yeah yeah, I'm gonna run away
I'm never comin' back to you

Ain't life strange, how people change
You were all I wanted once
Now you're just a pain, pain

I'm gonna run away
I'm never comin' back to you
Yeah yeah, I'm gonna run away
I'm never comin' back to you

Yeah yeah, I'm gonna run away
I'm never comin' back to you

Yeah, yeah, I'm gonna run away
I'm never comin' back to you
