

## Play with Me

Joan Jett and the Blackhearts

Life is never what you think  
Give a sentimental wink  
There ya go you don't know what's instore  
But you felt it before

Hey I'm warmin' up to your insides  
I don't worry cause I got no ties  
Not a guy not a girl not a thing  
Not a thing in this world

Come on out come on out  
Come on out and play with me  
Come on out come on out  
Come on out and play with me

Hey baby did ya ever feel like being crazy  
The borderlines are getting hazy  
Rules are what we forgot you're a blaze  
Leave them reeling for days

Come on out come on out  
Come on out and play with me  
Come on out come on out  
Come on out and play with me

We'll have lots of fun let out emotions run  
Nothing tonite is gonna get us down  
We'll have lots of thunder let our emotions run  
They go round and round and round round

Come on out come on out  
Come on out and play with me  
Come on out come on out  
Come on out and play with me
