I can still remember

It wasn't long ago

Things you used to tell me

You said I had to know

Told me that you loved me

And that you always would

Then I said I loved you

You said that that was good

Then you made a promise, said you'd never want me to go

Oh no

Indian giver Indian giver
You took your love away from me
Indian giver Indian giver
Took back the love you gave to me

Baby I was feeling
The way I want to feel
You had me believing
The love we had was real
Things we did together
You said they'd never end
Now until forever Oh yeah that was what you said
Then when I was down I knew you'd always be there
Oh yeah

Indian giver Indian giver
You took your love away from me
Indian giver Indian giver
Took back the love you gave to me

Indian giver Indian giver
You took your love away from me
Indian giver Indian giver
Took back the love you gave to me

Indian giver Indian giver
You took your love away from me
Indian giver Indian giver
Took back the love you gave to me
