

# Papers

Jocelyn Alice

Hand over the bottle and the Sharpie and the papers  
I'll be back to good, I can't wait 'til later  
I've been out there runnin' out the business on the street  
They ain't got no CEO that's standing over me  
I won't do anything that might make me look worse later  
I'll be back to good, hand over the papers  
I've been out there runnin' out the business if they don't  
They ain't got my knowledge and I know they know we know

Don't got too far to go  
I know what's needed  
I pull 'em in too close  
And show 'em how I'm treated  
Don't got too far to go  
I know what's needed  
I pull 'em in too close  
And show 'em how I'm treated

And show 'em how I'm treated

[?] the way they said they make you wanna sign them  
I'll be back to hood if they try to fight them  
I've been out there living like I know I'm gonna be  
Somebody that everybody knows and knows they need  
I will do everything that I can and make it bad  
I ain't got no shit, I ain't afraid to know what is  
I'll be out there living like the [?] are my own  
They ain't got no knowledge and I know they know we know

Don't got too far to go  
I know what's needed  
I pull 'em in too close  
And show 'em how I'm treated  
Don't got too far to go  
I know what's needed  
I pull 'em in too close  
And show 'em how I'm treated

And show 'em how I'm treated (Treated, treated)  
And show 'em how I'm treated

The words were hypotheticals  
The process gave you vertigo  
It's hard to be the one who goes  
But you already know

The words were hypotheticals  
The process gave you vertigo  
It's hard to be the one who goes  
But you already know

Don't got too far to go  
I know what's needed  
I pull 'em in too close  
And show 'em how I'm treated  
Don't got too far to go (No, no, no, no, no)  
I know what's needed (Yeah, I know I know)

I pull 'em in too close  
And show 'em how I'm treated

Far to go, far to go

And show 'em how I'm treated (Treated, treated)  
And show 'em how I'm treated
