

# Stoplights

Jocelyn Alice

Didn't need no one  
Didn't need nothing to have a home, don't know  
I wanted one night  
Something to lose tomorrow along the road

I fell in love with those summer nights and the pretty eyes  
We got nowhere else to go  
But I fell in love almost every night with the pretty eyes  
And I'm on a journey and I'm going fast

I just keep going past stoplights  
I could stop and stare at them all night  
I could stop and stare at the way you've been looking at me  
But we both know that stoplights change and I will go

I wanted something  
Something to have and hold and breathe and leave  
I wanted one night  
With nothing to keep me believing

I fell in love with those summer nights and the pretty eyes  
And I got nowhere else to go  
I fell in love almost every night with the pretty eyes  
I'm on a journey and I'm going fast

I just keep going past stoplights  
I could stop and stare at them all night  
I could stop and stare at the way you've been looking at me  
But we both know that stoplights change and I will go

'Cause I got no reason not to keep on going  
And I got nothing and no one here to slow it  
All I wanted was for you and me to hit the road  
And stoplights glowing

Stoplights

Stoplights

I could stop and stare at the way you've been looking at me  
But we both know, oh, stoplights change and I must go
