Gimme, gimme all you got  
Gimme, gimme all you got (Like that)  
Uh

All you got, yeah you know I want it  
Check it out, come on baby baby  
All you got, yeah you know I want it  
Gimme, gimme all you got

Gimme, gimme all you got  
Gimme, gimme all you got (Like that)  
Uh

All you got  
Gimme all you got, gimme all you got  
All you got  
Give it to me lady  
[x2]

Now that's the spirit girl, don't you hold back  
You drove me crazy when you put your hands down my slacks  
I won't press pressure on you, not tonight  
Whatever you'll do to me I'm sure I'll like

I thought I told you that I really wanna know you  
Come get me satisfied and give me all you got  
We don't need us a warning, I just want to get up on it  
So lady walk this way and give me all you got

All you got  
Gimme all you got, gimme all you got  
All you got  
Give it to me lady  
[x2]

Don't act like you never been inside my crib before  
We started on the bed and ended on the floor  
Let's get down to business, and don't waste no time  
'Cause you know just I want, girl you know what's on my mind

I thought I told you that I really wanna know you  
Come get me satisfied and give me all you got  
We don't need us a warning, I just want to get up on it  
So lady walk this way and give me all you got

All you got  
Gimme all you got, gimme all you got  
All you got  
Give it to me lady  
[x2]

Gimme, gimme all you got  
Gimme, gimme all you got (Like that)

Uh  
(All you got)  
Gimme, gimme all you got  
Gimme, gimme all you got (Like that)  
Uh  
Gimme, gimme all you got  
Gimme, gimme all you got (Like that)  
Uh  
Gimme, gimme all you got

[x2]
