

## Time & Place

Jodeci

Yeahhh  
Here I am sittin' in this fly ass hotel over Miami  
Just watching the birds fly over the ocean  
I guess I'm kinda trippin'  
Cuz I'm kinda high  
And don't give a f\*ck  
So I wanna come at you on the real, baby  
And let you know how I feel  
You know, for the last few days  
I've been watching you, all by my lonely  
With your little friends  
I see how you make them laugh  
I've been kinda envious of your friends  
Cuz it's like, they're so close to you  
And i can't find the right things to say to get close to you  
This is the only time in my life that money doesn't matter  
The only thing that matters is finding the perfect place for me and you  
So if you got the time, I got the place  
One, two, three seconds are gone  
Coulda been gone  
A long time ago  
So baby don't be shy  
Tell your girlfriend bye bye so we can roll  
And we can get nasty on the way  
My car's got tint, so they won't see your face  
There's no need to -  
Ohhh, what i wanna do to you is right, babe

You've got the time, I've got the place  
For everything, where me and you can hang  
You've got the time, I've got the place  
For everything, so baby don't be ashamed  
So baby check me out  
I got a little place where we could hang out  
No one will come around  
So tell me if you're down  
Have no doubt about us  
I know you've got the time  
Cuz baby I was seein you  
Nothin on your mind  
So put your thought to use  
And think about me and you  
Just getting loose

You're gonna love me  
All night long  
So let's get it on  
Let's get it on  
All night long, to the early morning

One two, girl one two  
Girl get in the car  
And we can go very far  
While I be pumpin' up the good time  
So can you tell what's poppin  
There aint no stoppin  
Cuz baby I'm droppin'

Those something lines  
To get you in the back of my ride  
You got the tizzime  
So baby won't you get on the side  
Check it

You're gonna love me  
All night long  
So let's get it on  
Let's get it on  
All night long  
To the early morning
