

Too Hot

Jodeci

Too hot, she's hot, melt, sex, too hot
Too hot, she's hot, gets all of that
Too hot, she's hot, that's a fact
Too hot, she's hot, that's that
You can see it in her eyes, baby got that fire
Pretty face like Lauren, body like mine
I hit her with the stud pass and I'ma ride it
Hit her good, have her screamin' high notes like Mariah
Hold up, and watch her shut it down, say watch her shut it down
These other hoes know they gotta go when she come around
Say my name, say my name so I know it's me
You got a nigga feenin' like Jodeci, turn up
All my niggas know, when she hits the floor
That she steals the show
All my niggas know, when she hits the door
That girl has to go
Too hot, she's hot, melt, sex, too hot
Too hot, she's hot, gets all of that
Too hot, she's hot, that's a fact
Too hot, she's hot, that's that
I'll tell you what, she burns it up
Every day and night, yeah when we cut
Gon' need a hose, a fire truck
You know she's ready and she's just ready enough
We blaze it up, we burns it down
Her body hot, I cool it down
She drives her car and cruise the town
And all you hood rats gonna hate on her now
All my niggas know, when she hits the floor
That she steals the show
All my niggas know, when she hits the door
That girl has to go
Too hot, she's hot, melt, sex, too hot
Too hot, she's hot, gets all of that
Too hot, she's hot, that's a fact
Too hot, she's hot, that's that
I say baby you a bad bitch, excuse my language
And girl that dress so tight, lookin' like it's painted
The way your body move, it make a nigga pass out
Now baby drop to the floor and poke that ass out
I say them heels got them legs lookin' fire, baby
And if I say you weren't the truth, I'd be a liar, baby
Got me thinkin' to myself, I love the way you walk
I love that little attitude and the way you talk
Now picture me and you headed back to my house on the hill
Lookin' at the moon while you tell me how you feel
Cause you know we gotta keep it on the low with everything we do
But everything is good when it's me and you
All my niggas know, when she hits the floor
That she steals the show
All my niggas know, when she hits the door
That girl has to go
Too hot, she's hot, melt, sex, too hot
Too hot, she's hot, gets all of that
Too hot, she's hot, that's a fact
Too hot, she's hot, that's that
