

(Party)
Let's go
So it's on, come on, come on
That feels good right there
Come on, so what's wrong? What's up?
You told me wanted to go for a ride
We've been riding for two hours, damn, how much riding can you get?
No, no, I ain't with it
(Do it all, let's do it all)
We already discussed this and I don't feel that we should keep on goin' through the same with a groupie
I mean, you're DeVante Swing
Ah, baby, come on
You all that right? I'm sayin', what you want with me?
You sit up here and got the feelin' behind my name
So make me feel like I'm muthafuckin' DeVante, know'm'sayin'
Slide your head right up here in my lap
(Do it all, let's do it all)
[*mumbling*]
(Do it all, let's do it all)
