

Affairs Of The Heart

Jody Watley

It's all about the way you feel in your heart
Affairs of the heart say what's inside
It's all about the way you feel in your heart

I thought of what I could do for you
And let you know how I feel in my heart and soul
I wanna write it down for you
And say it nice to last through the end of time

I don't wanna live without music
I don't wanna live without love, yeah
Just wanna bring you joy
So I'll share with you my feelings
I'm gonna sing it from my heart

It's all about the way you feel in your heart
Affairs of the heart say what's inside
(It's all about the way you feel in your heart)
Songs of love, songs of joy
Songs of togetherness, songs of forever-ness

All my life I've listened to the songs
Playing on the radio
As a child I dreamed I would one day have
Have a chance to live a childhood fantasy

I don't wanna live without music
I don't wanna live without love, oh, no
Just wanna bring you joy
So I'll share with you my feelings
I'm gonna sing it from my heart

It's all about the way you feel in your heart
Affairs of the heart say what's inside
(Ooh...)
(It's all about the way you feel in your heart)
Songs of love, songs of joy
Songs of togetherness, songs of forever-ness

Lives have been lost
People on the wrong track
Forgetting hopes and dreams
They never look back
To a time of pride and self belief
We gotta get back
And remember where we came from
It ain't about the money
So commit to yourself and those you love

It's all about the way you feel in your heart
Affairs of the heart say what's inside
(It's all about the way you feel in your heart)
Songs of love, songs of joy
Songs of togetherness, songs of forever-ness

(It's all about the way you feel in your heart)
Sing songs of love, songs of joy

Songs of togetherness, songs of forever-ness
Affairs of the heart say what's inside
(It's all about the way you feel in your heart)
Songs of love, songs of joy
Songs of forever-ness, songs to make you dance

It's all about the way you feel in your heart
Affairs of the heart say what's inside
(It's all about the way you feel in your heart)
Songs of love, songs of joy
Songs of togetherness, songs of forever-ness
Songs to make you dance

(It's all about the way you feel in your heart)
Songs of love, songs of joy
Songs of togetherness, songs of forever-ness
Affairs of the heart say what's inside
It's all about the way you feel in your heart

This is for the brothers
The boys in the hood
