

I Don't Believe

Joe Bonamassa

I don't believe, I don't believe you'd let me down I don't believe, I don't believe you'd let me down Yes, when I need you baby, honey, you're always around

I don't believe, I don't believe you got somebody else I don't believe, I don't believe you got somebody else Well, if you didn't want me, baby, honey, you would left me on the shelf

When I was hungry, you gave me food, You treated me like a king, you never was rude You bought me clothes, the best in town Whatever was happenin', baby, I was always around I don't believe you'd let me down, Yes, when I needed you baby, honey, you're always around

When I was hungry, you gave me food, You treated me like a king, you never was rude You bought me clothes, the best in town Whatever was happenin', baby, I was always around

I don't believe, I don't believe you'd let me down Yeah when I need you baby, honey you're always around I don't believe, I don't believe you got somebody else Yeah, but I need you baby honey, how you'd let me on the shelf
