

Midnight Blues

Joe Bonamassa

It's the darkest hour of the darkest night
It's a million miles to the morning light
Can't get no sleep, don't know what to do
Got those midnight blues

When the shadows fall, I feel the night coming in
Must be some reason for this mood I'm getting in
Can't get no sleep, don't know what to do
Got the midnight blues

Every evening after sundown
When the lights begin to fade
Just don't know why I feel so low
Why these blues won't go away

Every evening after sundown
When the lights begin to fade
Just don't know why I feel so low
Why these blues won't go away

It's the darkest hour of the darkest night
It's a million miles to the morning light
Can't get no sleep, don't know what to do
Got the midnight blues
I've got the midnight blues
I've got those midnight blues
I've got the midnight blues
