

## Pain and Sorrow

Joe Bonamassa

Sparkle as the tears come  
They glitter as they fall  
You sacrifice your love  
For the wonder of it all  
But I will, and you won't  
And I deal, and you don't, yeah

Livin' on pain and sorrow  
Until you find another way  
Livin' on pain and sorrow  
Until I find another way

Where's your silver lining?  
Where's your long lost friend?  
The emptiness is shining  
From somewhere deep within  
But I will, and you won't  
And I deal, and you don't yeah

Livin' on pain and sorrow  
Until you find another way  
Livin' on pain and sorrow  
Until I find another way (2x)

No I...go on  
It's your life baby  
'Til you find another way  
Go on...oh yeah

Pain and sorrow  
Pain and sorrow  
Pain and sorrow  
Find another way
