

You Know It's Christmas

Joe Bonamassa

Oh yeah!
Oh, baby, can't you hear those sleigh bells ring?
Baby, that can only mean one thing
You know it's Christmas and all the tinsel's on the tree
I got a box there with a bow, child, just as pretty as can be

Oh, baby, can't you hear the choir sing?
Baby, don't you dig their caroling?
You know it's Christmas and, oh, the star is shinin' bright
I got a box there with a bow, child, waitin' for the silent night

I tell you, Santa Claus, he's comin'
He's flyin' through the fog
The Little Drummer Boy, he's drummin'
And all the eggs are in the nog

Oh, baby, can't you see the snow come down?
Baby, watch it cover this whole town!
You know it's Christmas, hmm, and it's warmer here inside
I got a box there with a bow, child, full o' love that's true and tried

Oh, light it up, Joe!
Oh, it's Christmas. You know it's Christmas
Jingle, bells, jingle, bells!
Oh, light up that tree, Joe B.! Come on!

Oh, you know there ain't no place that's open
And there ain't nowhere to go
Ah, I'm just sittin' here, hopin'
I can get close to you underneath that mistletoe

Baby, can't you hear the sleigh bell ring?
Baby, that can only mean one thing
You know it's Christmas and all the tinsel's on the tree
I got a box there with a bow, child, just as pretty as can be
Woh, woh, woh, woh!

Hey, hey, it's Christmas, baby
Yea-oh, it's Christmas
Oh, it's Christmas, baby
And it really got that style
I got a box there with a bow, child
It's surely gonna make you smile
Hey, baby, yeah, hey, yeah
Merry Christmas, baby!
