

# You Sure Drive A Hard Bargain

Joe Bonamassa

I walked into your store  
Just to have a look around  
Asked if you could help me  
With the bargain that I found

Tried to explain to you, darling  
I was just a working man  
You came up with some term, little girl  
I just couldn't understand

Little lady, little lady  
You sure drive a hard bargain

The price you're asking, mama  
Is too much for me to pay  
Now you're trying to tell me  
I can't have it layaway

I know your merchandise is good  
Your sample proved it so  
If it was to kill me, little girl  
What a good way to go

Little lady, little lady  
You sure drive a hard bargain

I'm just a guy in town  
And it's plain for me to see  
If I come into your store  
You're gonna make a stock boy out of me

Little lady, little lady  
You sure drive a hard bargain

Drive a hard bargain

Little lady  
You sure drive a hard bargain
