Come out come out No use in hiding Come now come now Can you not see? There's no place here What were you expecting Not room for both Just room for me So you will lay your arms down Yes I will call this home Away away You have been banished Your land is gone And given me And here I will spread my wings Yes I will call this home What's this you say You feel a right to remain Then stay and I will bury you What's that you say Your father's spirit still lives in this place I will silence you Here's the hitch Your horse is leaving Don't miss your boat It's leaving now And as you go I will spread my wings Yes I will call this home I have no time to justify to you Fool you're blind, move aside for me All I can say to you my new neighbor Is you must move on or I will bury you Now as I rest my feet by this fire Those hands once warmed here I have retired them I can breathe my own air I can sleep more soundly/p/li Upon these poor souls I'll build heaven and call it home 'Cause you're all dead now I live with my justice I live with my greedy need I live with no mercy I live with my frenzied feeding I live with my hatred I live with my jealousy I live with the notion That I don't need anyone but me Don't drink the water There's blood in the water
