

Cooler Fool in Town

Joe Diffie

Most fools let it show when they're hurtin'
You can see those memories fallin' from their eyes
I hurt just like the rest
But there's one thing that's certain
She's not ever gonna see me cry
I'm the cooler fool in town
Actin' like I still don't care
Whenever she's around
I'm the only one who knows
How much I need her now
I'm the cooler fool in town
Last night she came walkin' by my table
I just turned my head and laughed
But Lord I could've cried
Like all the other times she wasn't able
To see the way I really feel behind my foolish pride
I'm the cooler fool in town
Actin' like I still don't care
Whenever she's around
I'm the only one who knows
How much I need her now
I'm the cooler fool in town
I'm the cooler fool in town
Actin' like I still don't care
Whenever she's around
I'm the only one who knows
How much I need her now
I'm the cooler fool in town
