

# Religious

Joe Jonas

I was always curious  
Never got it right  
I found peace in the closest comfort  
I know hope between the dust  
I was so delirious  
No, I'm not gonna lie  
I was drowning in the madness  
I was safe by just a touch

'Cause she's got me religious  
And now I believe  
If I opened up my heart, opened up my heart  
Opened up my heart and let it all in, yeah  
'Cause she's got me religious  
And now I can't see  
Oh, if I opened up my heart, opened up my heart  
And let it all in  
She's got me religious  
She's got me religious  
She's got me religious

It was so mysterious  
But who am I to judge?  
Temptations n the darkness  
Never knowing who to trust  
I know this is dangerous  
But I can't get enough  
Now I'm caught up in a magic  
Now I'm craving for her touch

Cause she's got me religious  
And now I believe  
If I opened up my heart, opened up my heart  
And let it all in, yeah  
'Cause she's got me religious  
And now I can't see  
Oh, if I opened up my heart, opened up my heart  
And let it all in  
She's got me religious  
She's got me religious  
She's got me religious

Oh-oh  
She's got me religious  
Oh-oh-oh...

I was always curious  
Never got it right  
I found peace in the closest comfort  
But no hope between the dust

Cause she's got me religious  
And now I believe  
If I opened up my heart, opened up my heart  
And let it all in, yeah  
She's got me religious  
And now I can't see, yeah

Oh, if I opened up my heart, opened up my heart  
And let it all in  
She's got me religious  
She's got me religious  
She's got me religious
