

## Sip Your Wine

Joe Jonas

Sat in the desert drinking coffee while I watch you sip your wine  
Thousand miles left 'til Reno, let's sit back and waste some time  
I could cry, I'm starting to like this thing called "life"  
I'm drinking a coffee while you sip your wine

I'm learning two things can be true  
Just like a river split in two  
Zooming out, new perspective (Zooming out, new perspective)  
Looking glass taught me lessons (Looking glass taught me lessons)  
I'm learning two things can be true

Sat in the desert drinking coffee while I watch you sip your wine  
Thousand miles left 'til Reno, let's sit back and waste some time  
I could cry, I'm starting to like this thing called "life"  
I'm drinking a coffee while you sip your wine  
Sip your wine

Change like the seasons, day by day  
You got the reasons why I stay  
Zooming out, new perspective (Zooming out, new perspective)  
Looking glass taught me lessons (Looking glass taught me lessons)  
Change like the seasons, day by day

Sip your wine

Let's watch the sun come up  
This time  
I'm not scared of love  
This time
