

What We Are

Joe Jonas

At school were you cool? Were you cruel?
Little heartbreaker, making all the boys cry
Don't lie
Don't lie
Look back, picture that, backwards hat
Wear it different now, still making boys cry
Don't lie
Don't lie

Conversation's coming to it naturally
So go ahead and ask me, baby, "What are we?"

What we are
Is a lot
Tell you what
We are not
Not our past
Our mistakes
Free at last
And that makes
Yes, it makes
What we are

Pretend we're in Rio and everything feels
So good it shouldn't be right
Would you let it be right?
It could be right

Tem sinais que a alma compreende
Preciosidade que acende
Nós dois
Nós dois

É olho no olho que se entende
Ferida que dói e não se sente
Nós dois
Nós dois

Tudo que eu senti um dia
Tudo que eu pude saber
Tudo que eu tinha, todas frases clichês
Guardei pra você

What we are
Is a lot
Tell you what
We are not
Not our past
Our mistakes
Free at last
And that makes
Yes, it makes
What we are

Lean into me
Lean into me
Lean into me

Lean into me
Yes, it makes
What we are
