

Reason To Live

Joe Jordan

I ain't got a good reason to work all day
So the government can take all my money away
Ain't got a good reason to work some place I hate
Ain't got a good reason to keep believing
All the bad and the good shit turn out even
Ain't no reason to keep on keeping, but hey

I've got my reasons for
Smoking 'til my lungs turn grey like a basement wall
Reasons for drinking enough alcohol
To make my liver wanna end it all
I've got my reasons for loving and pleasing
Her with everything I could give
Got a reason for everything
Except a good reason to live

I ain't got a good reason to stop thinking
The point to life is to keep on kicking
Me down every chance it gets and then it rains
Ain't got a good reason to settle down
'Cause I give it all away but they never stick around
Ain't got a reason to keep on breathing, but hey

I've got my reasons for
Smoking 'til my lungs turn grey like a basement wall
Reasons for drinking enough alcohol
To make my liver wanna end it all
I've got my reasons for loving and pleasing
Her with everything I could give
Got a reason for everything
Except a good reason to live

So roll another fat one smoke 'til the paint peels off
Pour another strong one, pour 'til the pains all gone
Keep going 'til you find a reason to keep on keeping on
So far, so far, nah, I ain't found one, but

I've got my reasons for
Smoking 'til my lungs turn grey like a basement wall
Reasons for drinking enough alcohol
To make my liver wanna end it all
I've got my reasons for loving and pleasing
Her with everything I could give
Got a reason for everything
Except a good reason to live

Got a reason for everything
Except a good reason to live
