

# Dirty Deal

Joe Lynn Turner

We all like it, we all want it  
On every page in every magazine  
We were made from it, we can't change it  
Can't deny it, can't deny our dreams

Look around you, open your eyes  
It's time to give in, time to realize  
The flesh is weak, temptation so real  
We were born with a passion to touch  
We were born with a passion to feel

Everybody listen to me  
Just surrender to the way you feel  
Everybody come together  
We all love to do the dirty deal

We can taste it, sin to waste it  
Lick it up and take another shot  
Our desire burnin' fire  
Give it up and show me what you've got

Take my hand, I'll take you for a ride  
Bring your fantasies, let's go inside
