Unfinished Bizness

Joe Lynn Turner

Move over, I'm coming through
Still got a whole lotta livin', that I wanna do
Excuse me but you're in my way
I gotta run, now baby I just can't stay

never meant to leave you sitting all alone
Nite after nite I know you're waiting by the phone
Sometimes a man's just got to do things on his own

Baby I'm sorry about Is whole mess
But I got unfinished bizness

I'm on a mission, on a one way ride
I'm never happy till I kick it into overdrive
Don't you know I'm a one man show
So many people to see and places to go

I got a lust for life that cannot be denied
A hunger inside that just can't be satisfied
I wanna live my life so I can feel alive

So honey you know I must confess
I got unfinished bizness
