

# Baby Had Your Fun

Joe McElderry

Wheels spin, foot upon the gas  
Release my runaway heart  
Shots down, rememberin' how to laugh  
Gonna tear this joint apart  
Fingers through my hair as the sweat runs down  
Gonna dance like Prince, till I shake this out

Won't stop banging my drum  
Gonna paint this town tonight  
Rinse every tear from my eyes  
Keep it moving till I feel alright  
Baby, had your fun and you broke my heart  
But you won't break me  
No, you won't tear me apart

You said don't worry, my love  
As you spun another narcissist lie  
I sense more than you know  
And I could see your wandering eye  
Turning it around, put it all on me  
Blew dust in my face, till I felt crazy

Won't stop banging my drum  
Gonna paint this town tonight  
Rinse every tear from my eyes  
Keep it moving till I feel alright  
Baby, had your fun and you broke my heart  
But you won't break me  
No, you won't tear me apart

Can't tear me apart  
Can't tear me apart  
Can't tear me apart  
Mend my broken heart  
Can't tear me apart

Fingers through my hair as the sweat runs down  
Gonna dance like Prince, till I shake this out

Won't stop banging my drum  
Gonna paint this town tonight  
Rinse every tear from my eyes  
Keep it moving till I feel alright  
Baby, had your fun and you broke my heart  
But you won't break me  
No, you won't tear me apart

Won't stop banging my drum  
Gonna paint this town tonight  
Rinse every tear from my eyes  
Keep it moving till I feel alright  
Baby, had your fun and you broke my heart  
But you won't break me  
No, you won't tear me apart  
Baby, had your fun and you broke my heart  
But you won't break me  
No, you won't tear me apart
