Thuggin It

Joe Moses

Like JM, CB, shit bitch, we all we need
I mean like, forreal forreal

Took a trip to my enemies to fuck that
And every time I went raw, I made her fuck back
Got a baby by the same nigga hating on me
Fresh out, you the only one was waiting on me
Did 4, came home, you never changed on me
And every now and then I heard she did a lame on me
Copped the 'rarri like Tyga, then fucked Kylie
And every time I hit the city shit, I ride it
Made niggas only 'posed to fuck with made hoes
I give a shoutout to my exes, how they made hoes
World Star, Playhouse, I done slay hoes
I seen a few with my niggas, how the game goes
Lord knows they get wet when the time right
Tom Ford, Time Square, what a good night
Double R Rolex, for the good price
And when her ass do the splits, what a good sight

Lemme see you rock that body back and forth
You gon' get this dick, I'm a give you what you asking for
I heard she got that good pussy, I'm a go down, I'm a eat that
Good pussy, I'm a make that kitty cry
Baby I ain't tryna hurt your body
I just wanna see you work your body
Down up, down up
Thugging it

I take my bitches to the trap house
She smoke weed, hella tatted, with her ass out
This codeine 'bout to make a nigga black out
Red guts in the Wraith, I'm finna mash out
Blood the nerve of these niggas, they ain't from my set
Could give a fuck 'bout a hater, they don't write my checks
It's hard to make a decision, got bitches on top of bitches
Know I be flipping them pigeons, give her the D like it's Michigan
Pussy popping, she drop it down and she land on the dick
I'm Steph Curry with your bitch and I'll be damned if I miss
All the molly in my cup, got me up babe
I'm turning up in this place tonight
We on babe, on babe
You know you can't play a player
Let's party, party
Baby show you right

Lemme see you rock that body back and forth
You gon' get this dick, I'm a give you what you asking for
I heard she got that good pussy, I'm a go down, I'm a eat that
Good pussy, I'm a make that kitty cry
Baby I ain't tryna hurt your body
I just wanna see you work your body
Down up, down up
Thugging it
Down up, down up
Thugging it
Down up, down up

Thugging it
