

# We Different

Joe Moses

Look  
Ride by myself cause niggas talking  
Don't be a target  
Money on yo head is no bargain  
Remember we was walkin'  
Long nights and long coffins  
Betta' stop barkin'  
If I tell em they'll talk  
Purple heart Sargent move often and keep pushin'  
Still on a mission  
Never get it twisted  
Just because I rap  
I re-live what I'm living  
Dog ain't cool so there's still a little tension  
Never tell my right what my left hand envisioning  
Move with precision and talk with a passion  
Hungry like I'm fasting but the struggle I've done mastered  
Risk everything cause I never like asking  
Straps, we gone pass em'  
Don't shoot you can't hang  
Ignorant like you my first check-in was a chain  
My second was a brick half a chicken and some wings  
My third was some legs and OGs  
Hundred pounds of kush  
We done made it out the nose bleeds  
I was talkin' dope back in 03'  
Niggas know me  
Use to sell it to the OGs  
Now I'm lokey  
Used the Regal all blacked up  
Ridin' 4 deep  
Had the yellow or the codeine  
Before it was famous  
My bitch out the [?]  
Bought the Rover never forget it  
My ex otta Detroit made me hustle I'd admit it  
Zeandra in that Civic stayin' in it  
They made the news in the Civic  
I'm really with it  
I done did a lot shit neva acquitted  
Neva been a ho nigga  
I neva was timid  
I just do it cause it's me  
Never a image  
How you leave me on my rainy days  
Let em' all fade away  
My ex left me hangin'  
But you let me stay  
If you didn't pick me up I promise I still wouldn't break  
Holding on to love but lust is better than a wedding cake  
Bro you gotta get yo plate  
Niggas mad at me cause they never ate  
See I just want the lake but niggas want the drank  
I just wanted cake and you wanted dank, hoes and thots  
I'm not answering no [?]  
I just want the block  
I'm talking literally

Painting my picture vividly  
Picture me can you picture me  
Nigga can you picture we balling on niggas  
That nigga Punch acting a dog on these niggas  
Black billions stay drilling if you bout that  
If you not then pray  
Granny told me have face so I copped a K  
Put the bitty on my back I ain't talking May  
The realest in LA then we ship to the next  
Nip said this a marathon  
I miss my nigga and that's the shit we on  
Tell them to vomit cause they can't stop it  
And if there's money to be made niggas cop it  
I'm talking about dope they talking watches  
We different just watch it
