Hold On Me

Joe Perry

Hey, c'mon over and sit down
You, gotta know that I'm knocked down
Hey, Step On over on my gound
I'm, feeling numb from my knees down

You, gotta hold on me
you gotta hold on me
You, gotta hold on me
don't 'cha ever set me free

I'm, overcome by this sound
I'm overrun by the walls you've torn down
thanks, for turing me on to what you've found

You, gotta hold on me
you gotta hold on me
You, gotta hold on me
don't 'cha ever set me free

It was love, the first time I saw you,
It was love , the second I saw you,
Third time, I had adored you
Now I feel it everytime I see you
