

Stop Messin' Around

Joe Perry

Baby, please stop messin' 'round.
You'll be messin' around all the time.
Baby, please stop messin' around.
You'll be messin' around all the time.
If you don't stop messin' 'round
You'll be somebody's friend
Instead of mine, yes sir.

You're rockin' the temprature
My baby's cherry red.
You're rockin' so hard
I fall right out of bed.

I said,
Baby, please stop messin' 'round.
You'll be messin' around all the time.
If you don't stop messin' 'round
You'll be somebody's friend
Instead of mine.

You're rockin' the temprature
My baby's cherry red
You're rockin' so hard
I fall right out of bed

I said,
Baby, please stop messin' 'round
You'll be messin' around all the time
If you don't stop messin' 'round
You'll be somebody's friend
Instead of mine.
