

## Ride Off On A Cloud

Joe Purdy

Think I'm gonna ride off on a cloud  
Think I'm gonna ride off on a cloud  
Ain't no one can find me find me now  
Ain't no one can find me find me out  
I'm a cold blooded killer in the first degree  
I'm a cold blooded killer in the first degree  
You can throw my body in the raging sea

Sherriff's here by morning and I'll be gone  
Sherriff's here by morning and I'll be gone  
Don't think that I don't notice what I done wrong  
Don't think that I don't notice what I done wrong  
You can swing me a sweet and hanging song

I will be your weakness, and you'll be mine  
I will be your weakness, and you'll be mine  
You can meet me at the box car number 9  
You can meet me at the box car number 9  
Hope these tracks will keep this train in line
