Step By Step

Joe Simon

Oh yeah

Step by step
I've got to get close to you
Step by step
I've got to get to know you – oh yeah

You came into my life, my gods have the rain falling
from above
And I knew when I first saw you
You were the one for me to love
But as sudden as you came, oh, you vanished into the
night – yeah
I knew my life wouldn't be complete
Oh, without you to hold me tight

Step by step
I've got to get close to you
Step by step
I've got to get to know you

My friends all tell me
Tell me you're a woman of the street
Oh, but to me, baby, you're all my eyes can ever see
If we had one night together
I'll make you understand
That I need your love, baby
And I surely wanna be your man
Let me tell you, honey

Step by step
I've got to get close to you
Step by step
Oh, I've got to get to know you – oh yeah

Oh yeah – oh yeah

Step by step ....
