

Still at the Mercy of Your Love

Joe Simon

I did a walk around my heart
When you said goodbye that night
I found a lot, a big strong lot
And I'm not my heart uptight
But that lot came tumbling down
The moment I saw you, I knew

I'm still at the mercy of your love
Still at the mercy of your love

Look at me, a big strong man
You really brought me down to size
But I don't care if I'm your fool
I hope that I'll never get wise
But you control my very soul
And I'll be wherever you want me to

I'm still at the mercy of your love
Still at the mercy of your love

I give up, it's no use
I just can't fight it no more

I'm still at the mercy of your love
Still at the mercy of your love

Baby (still at the mercy of your love), ooh my love
Oh baby (still at the mercy of your love), you see, one day
I went out (still at the mercy of your love), and I bought me a lot
I bought mother (still at the mercy of your love), strong lot
So what I've done (still at the mercy of your love)
I took my time, and I [?] my heart up (still at the mercy of your love)

But it didn't work out, I realized baby, I've done you wrong
(Still at the mercy of your love)
Oh yeah, but now you've gone (still at the mercy of your love)
Away (still at the mercy of your love), you've gone away
Baby (still at the mercy of your love), so long, so long
(Still at the mercy of your love)
I wish I didn't have to say "so long", baby
(Still at the mercy of your love)
I just wanna... oh yeah (still at the mercy of your love)
I just wanna... ooh yeah (still at the mercy of your love)
I just gotta phone my mamma
Oh, I just gotta say, mm... (still at the mercy of your love)
(Still at the mercy of your love)
(Still at the mercy of your love) I'm a servant, yes I am
(Still at the mercy of your love) I don't know whether you know
What it means (still at the mercy of your love), to be so... oh yeah
I can't sing no more (still at the mercy of your love)

(Still at the mercy of your love
Still at the mercy of your love
Still at the mercy of your love)
