

Juke Box

Joe South

Juke box
Juke box
Play, play, juke box
Play, play, juke box
Play all the day
Drive my blues away
Juke box

Mm, play somethin' sweet
And then somethin' with a beat
Play one to soothe my soul
Then play me some rock 'n' roll
C'mon make me feel better
Help me to forget her
Juke box

And if she walks in
Play, play again
Make her remember
Love's dyin' ember
Play our special song
Play it extra long
Juke box

Mm-mm

Maybe she will be
As lonely as me
Hey and if she still cares
She'll notice me there
So turn on all your charms
Send her back into my arms
Juke box

Hey, juke box
C'mon now, juke box
Play, play, juke box
Play, play, juke box
You can play all the day
I know you can drive my blues away
Juke box

Hey, juke box
Hey, hey, juke box
C'mon
