

Let The Party Roll On

Joe South

Let the party roll on
Let the party roll on
Let the party roll on
Let the party roll on
'Til the spirit's all gone
And it's time to go home
Let the party roll on

Hey, hey
You know, if was a business man
I'll tell ya what I would do
I'd leave my business somewhere else
And I'd jump in the party, too

Throw your overcoat over in the corner
Play around just as long as you wanna
Everything's gonna be all right
It's gonna get right tonight

Let the party roll on
Hey, let the party roll on
Let the party roll on
Let the party roll on
'Til the spirit's all gone
And it's time to go home
Let the party roll on

Whoa-ha
Mm-mm

Hey, hey
You know now, if I was a gamblin' man
I'd tell ya what I would do
I'd throw down my winnin' hand
And I'd jump in the party, too

Hey, throw your overcoat over in the corner
Play around just as long as you wanna
Everything's gonna be all right
We gonna get right tonight

Let the party roll on
Hey, hey, let the party roll on
Let the party roll on
Let the party roll on
'Til the spirit's all gone
And it's time to go home
Let the party roll on

Let the party roll on
Come on, come on
Come on, baby
Hey, hey
