

Royal Blue

Joe South

Mm-mm, the other night
I had a dream of you
You were standing there
You wearing royal blue

And Jesus did
Like he said he'd do
And I was there with you
Royal Blue

If it's all right
I wanna sleep with you
Under the southern sky
Painted royal, royal blue

When Jesus does
Like he said he'd do
I wanna be with you
Royal Blue

I believe in miracles
I believe in tomorrow
And I believe in you
And it sees me through

We live on a satellite
Colonizing the universe
I could reinvent my life
Baby, you could sure do worse

And if it's all right
I wanna sleep with you
Underneath the southern sky
Painted royal, royal blue

When Jesus does
Like he said he'd do
I wanna be with you
Royal Blue

Whoa-oh, whoa-oh-oh-oh, blue

When Jesus does
Like he said he'd do
I wanna be with you
Royal Blue

Sittin' alone whoa-oh-oh, blue
Whoa-oh, whoa-oh-oh-oh, it's all right
