

It's All Right

Joe Walsh

I'm not a gambling man, that's one thing you can bet,
But that's all right, yes it's all right, all right with me.
I may get lucky but it hasn't happened yet,
But that's all right, yes it's all right, all right with me.

I'm on the ceiling if I'm anywhere at all,
But that's all right, yes it's all right, all right with me.
Falling up the stairs or bouncing down the hall,
It's all right, well it's all right...

I do my best and that's the best that I can do,
But that's all right, yes it's all right, all right with me.
Sometimes it seems a working man is never through,
But that's all right, all right with me.
But it's all right.
