

## Where I Grew up (Prelude to School Days)

Joe Walsh

I grew up in a little town world  
Wasn't a lot there to see  
Where I was born when a little town girl  
Married my dad and had me  
We lived in a neighborhood,  
In a neighborhood.  
And my whole world

Was just three square blocks round,  
And the top of the world  
Was up in my favorite tree.  
Someday I knew,  
I would go back there to see  
Where I grew up
