I brought you here so that i can express the things i've been t hinkin bout give me your ear.

cuz i don't normally do this so bare with me through this. ther e are so many things that i

want to say. but let me start by saying this saying i thank you . darling just because..

i used to love someone that i didn't like we used to want to br eak up every other night. i

used to think realationships were a lot of stress. i used to th ink that pain was a part of

happiness. now all that's changed since you've come my way, but i don't want us to become another used to be.

I hope what i'm saying don't discourage you in any kind of way cuz i do believe that you have

the potential to be everything i need. i hope that you can real ly understand that i would hate

to be with someone new, and tell them what i'm telling you.

i used to love someone that i didn't like. we used to want to b reak up every other night. i

used to think realationships were a lot of stress. i used to th ink that pain was a part of

happiness. now all that's changed since you've come my way, but i don't want us to become another used to be.

cuz it would only be another waste of time, another moment to be raised i would bout my

mind. another memory a part of history. I can't forget cuz it ke eps haunting me. Now that your

here is evidently clear, but i don't ever have to have this wor ry again again. ooohhhooooooo.

i used to love someone that i didn't like. we used to want to b reak up every other night. i

used to think realationships were a lot of stress.i used to think pain was a part of

happiness. now all that's changed since you've come my way, but i don't want us to become another used to be.
