

## Hey Mami

Joe

Yeah, mmmmm, oh  
Listen here,

Cute face, most hate, but that's O.K.  
A big butt, like what, you shake it anyway  
Fly all the time, ghetto dime, so get down the grind  
Pop the clutch, hit the dutch, if it's time to ride

I need a down chick, who don't play around  
I'll make you my chick, I can hold you down  
Like Jigga said in his song ?  
You can believe it for now (girl all trust)

Hey mami (yes daddy), joke with me (yes daddy), ride for me  
See I'm making you my homie now  
Hey mami (yes daddy), lay with me (yes daddy), sex with me  
See I'm making you my lady now  
Hey mami (yes daddy), joke with me, sit with me, ride for me  
See I'm making you my homie now  
Hey mami (yes daddy), lay with me, sex with me, moan for me  
See I'm making you my lady now

I'm goin' ask you some questions now answer me (one)  
If I fell, would you be there to catch me (two)  
If my cash flow was low, would you up and go (three)  
For me, my seed, would you carry

I'm looking for a woman that'll ride for me  
And when push comes to shove, she will lie for me (be my aliby)  
And she's gotta be down and get this money with me  
Cause I'm down for a little bit of ?
