

# Sweeter Than Sugar

Joe

Oh J.O.E.

Good evening ladies and gentlemen (and royalty)  
I got my man royal on the track  
And my dawg bishop young don oh well

Sweeter then sugar

Don't argue much now that I  
Acquired some things of the good life  
360 medina how things have changed  
A crib with a east and a west wing  
I gotta thank god for my life and all  
He keeps blessing with more and more

I' gonna ball to I fall now I see that I  
Can reach for a dream and pull it from the sky  
Sweeter then sugar is what I dream  
My life would be if left up to me  
And oh I like that

Sweeter then sugar

Shopping sprees trips over seas  
Finest luxuries  
The good life  
I just say the word and it will be  
The cars I want I buy the lot  
The cribs I want I buy the block  
I just say the word and it will be

Moderate players that's we are  
About getting paper feel me god  
No longer out there chasing dreams  
Living the words for the song I sing  
Gotta thank myans for your support  
Cause you'll keep loving more and more

I' gonna ball to I fall now I see that I  
Can reach for a dream and pull it from the sky  
Sweeter then sugar is what I dream  
My life would be if left-up to me  
And oh I like that  
Sweeter then sugar

Cars jewels and chips (word)  
Rims cribs and chicks (word)  
Love for these streets (I got it)  
Sweeter then sugar
