Shey you go come through and chill  
I know that you don't stay far from me  
Fine pass all of the girls wey dey the yard  
But na you wey I feel I hope that you feel the same for me  
Shey shey shey

You go come to my place  
I need you in my space o  
I want you in my space oh  
Shey shey shey  
I just wan see your face  
Don't mind if you delay o  
I just know that I don't wanna be

Lonely Lonely tonight  
I don't wanna be  
Lonely lonely tonight  
I don't wanna be  
Lonely lonely tonight

I don't wanna be  
Lonely lonely tonight

We can  
Make beauty make magic  
Throw a private party  
Just you and me  
Pull up there is no traffic  
I see sey something dey ma mind and it's you  
Your type is just so hard to find  
And it's true baby  
Shey shey shey

You go come to my place  
I need you in my space o  
I want you in my space oh  
Shey shey shey  
I just wan see your face  
Don't mind if you delay o  
I just know that I don't wanna be
