Loner

Joeboy

I love to be alone
With a bottle of rum and scotch
Let it mix my blood

Someone save me
Someone save
Someone save me lord
Someone save me lord
From myself cuz I think a lot
When I mix my rum

Dey Alone

I'm a loner
I'm a one man soldier
Only me fit watch my shoulder
Cos na only ma mind I know not another man own yeah
I steady focus on my race
Cos I know nobody will feel my pain
If I make mistake or if I fail
So I cannot fail
Many man try deceive me
So many man try oppress me
So many man try to test me
But they can't kill my energy
It's very hard to be forgiving
When I no do dem anything
So I focus on my own P
I no go let anything distract me
