

Lose Ya

Joeboy

You, when I see your eyes
Done made up my mind that it's your loving I choose
If I fuck up ah, na me full consign
If I do na me go lose
You do me things no woman really could
Even if I jonze me I no go fit to lose
I'm feeling you and I think you're cool
Baby, if I jonze me I no go fit to lose ya (oh oh)
Omo me I no wan lose ya
I don't wanna lose ya ah
I don't wanna lose ya ah, ah, ah
(Even if I jonze me I no go fit to lose)
Give me all your time and I promise overdose
Haters demma gun make we wear bullet proof
I'm ready to do anything you go do
You dey make me smile anytime I look at you
Baby, hold me
I wanna be with you and you only
You can have my body, time and my money
As long as you dey loyal to me

I no go fit to lose ya
Omo me I no wan lose ya
I don't wanna lose ya
I don't wanna lose ya
(Even if I jonze me I no go fit to lose)
Give me all your time and I promise overdose
Haters demma gun ('pondeck) make we wear bullet proof
I'm ready to do anything you go do
You dey make me smile anytime I look at you
Baby, hold me
I wanna be with you and you only
You can have my body, time and my money
As long as you dey loyal to me
