Magdalene oh  
Magdale le le  
Magdale le le le  
Don't you see me, I'm calling  
You still no reason me  
Should you leave me then god isn't real  
Olorun con save me  
All I need is someone lately  
Please unfailingly

Shey you don see Joseph  
Make we born our Josephine  
Saint Peter free yourself  
If she kill you e go pain me  
I'm not judging you  
Baby tell me what you like o  
As I'm watching you  
The way you moving is deadly o Magda!

Magdalene  
Magdale le le  
Would you work on me  
Spend the bills  
I work tireless  
I get witnesses  
Follow Magda reach Galilee  
Nana who send me  
Once in while I taste full market  
And buy frequently

Seh you don see Joseph  
Make we born Josephine  
St Peter free yourself  
If she kill you e go pain me  
I'm not judging you  
Baby tell me what you like o  
As I'm watching you  
The way you moving is deadly o Magda!
