

# Sinner

Joeboy

So much pain in my heart  
And my blood drugs no dey even help no more  
No matter what I do, I don't feel it's enough  
(Oh Jah, come save my soul)  
Starting by the ones that I love  
I no know who I go trust anymore

I need something to fill the vacancy I feel inside  
Inside my soul

I don cry I don try  
I don smoke I don fuck  
I don do many things  
Wear my shades, cover eyes cos I don't want to see any kind evil thing

I don drink many shots many bottles  
Cause I don't want to feel anything  
I no wan lose energy  
I need healing normally

Sinner man I was  
Sinner man I be  
I don count my losses  
I count my blessings  
When I pray to God  
He dey answer me  
Sinner man I was  
Sinner man I be

Every battle had to fight it on my own  
No out my hand for another man parole  
I fit stumble but I no fit fall  
Energy always high never low  
Still had to put a smile on may face  
When trouble no wan make I see the next day  
Kept on moving I still Dey maintain  
Jah Dey with me all of my days

Sinner man I was  
Sinner man I be  
I don count my losses  
I count my blessings  
When I pray to God  
He dey answer me  
Sinner man I was  
Sinner man I be

I be, I be, I be  
I be, I be, I be  
I be, I be, I be
