Be Alright

Joel Corry

Me and you tonight
We know we're gonna be alright
Tell me the truth, no lies
We know we're gonna be all, know we're gonna be alright

I'll settle the ocean
I'll turn down the tide
Fix you when you broke
'Cause my home, I got you for life

If the world won't turn
If the rich can't spend
You know I'll fold your life
When you're in too deep
You can lean on me
You know I'll be by your side

Me and you tonight
We know we're gonna be alright
Tell me the truth, no lies
If you ever need a place to hide
I'll be there
Your rain or shining spot
Me and you tonight
We know we're gonna be all, know we're gonna be alright

Ooh-ooh
Every day and every night
Ooh-ooh
You know that I'll be by your side

Me and you tonight
We know we're gonna be alright
Tell me the truth, no lies
We know we're gonna be all, know we're gonna be alright

Ooh-ooh
Ooh-ooh
Ooh-ooh

Me and you tonight
We know we're gonna be alright
Tell me the truth, no lies
We know we're gonna be all, know we're gonna be alright
