

# Drinkin'

Joel Corry

All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy-ayy  
All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin' all night, ayy

Woke up in somebody's kitchen, twenty missed calls  
One percent, my phone on red, how am I gettin' home?  
The double vision, room is spinnin', clothes all over the floor  
But I ain't trippin' 'cause I'm just livin' and every night I want more

Flashback to the deep chats with a stranger  
Toastin' for no reason, celebration  
One night turns into a whole situation  
But I would do it all again, no regrets, no

All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy-ayy  
All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy-ayy  
All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy  
Yeah, yeah  
All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy-ayy  
All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy-ayy  
All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy  
Yeah, yeah

Last night was a movie, I'm playin' it back  
Lookin' through my camera roll like, "Who the hell is that?"  
I don't wanna know what I've been spending  
But I don't wanna see who I've been texting, yeah

Flashback to the deep chats with a stranger  
Toastin' for no reason, celebration  
One night turns into a whole situation  
But I would do it all again, no regrets, no

All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy-ayy  
All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy-ayy  
All night, I've been drinkin' all night  
I've been drinkin' all night, I've been drinkin', ayy  
Yeah, yeah (Ooh, ooh)

All night, all night, all night, all night  
All night, all night, all night, all night  
All night, all night, all night, all night  
Ayy, yeah (All night), yeah (All night)

Ayy, yeah, yeah
